

RIKAN RETURNS TO SUPPORT GM LEADERS' CONFERENCE 2016

Rikan will return as lead sponsor of the GM Leaders' Conference 2016. Having witnessed the tremendous response to the inaugural edition of *Hotel News ME's* GM Leaders' Conference, on 1 June, top sponsor Rikan has signed up to retain its leading role for the second edition, scheduled for June 2016.

Over 150 general managers from across the emirates came together at the Four Seasons Resort Dubai, in Jumeirah Beach, for the first conference, which featured some of the Middle East's leading professionals, including experts from the tourism and hospitality sector, sharing their expert analysis and views at the half-day conference.

Rikan has always been in the forefront in events which bring

the industry leaders together so it has retained its role as the sole sponsor for this year too.

Speaking about the sponsorship, Riaz Khimani, Rikan MD, said: "We were confident *Hotel News ME* would deliver a good conference, but were very impressed by the guest profile at the last event and the fact that they all were very happy that as always, Rikan was in the forefront in bringing great minds together.

"It is this feedback and the interesting and informative discussions at the event which makes our support of the 2016 event vital.

"For 2016 we will have some tremendous new innovations to share with the conference delegates and we look forward to a lively and information event."
